ULTRABOUNCE

Developed and introduced to the motion picture industry by The Rag Place. This highly versatile fabric is lightweight and waterproof. The white side provides a soft, even bounce without any hot spot, and the reverse matte black side can be used for masking. Don't be fooled by inferior products, TRP Ultrabounce's robust, nylon, high heat durability sets the standard for Hollywood, and worldwide applications. Available in 60" (1.52m) width as a raw fabric, or made to order finished rag in any size for sale, or for rental from a huge variety of stock and custom sizes.

MUSLINS

Ideal for cycloramas, large painted backings, and ceiling flats, it is commonly used as a lighting medium. It may be used both for bouncing, where it gives off a soft light without any hot spot, or as a very soft diffusion material. Our heavyweight muslin is offered in "Bleached" and "Unbleached" (natural) and is available in a variety of seamless widths; 9', 12', 20', 33' and 39.5'. (2.74m, 3.66m, 6.10m, 10.06m, 12.04m)

GRIFFLON

Carrying a heavier gauge than other suppliers to insure satisfaction and durability. Our fiber reinforced black / white Griffalon features a tough, shiny dual surface, with bright white for brilliant reflected bounce light on one side, and solid black on the reverse. A clear fiber reinforced Griffalon is also available. Fabric stocked in 6', 8', 12', 20', and 40' widths, custom widths also available. (1.82m, 2.43m, 3.65m, 6.09m, and 9.14m widths) as a raw fabric, or made to order finished rag in any size for sale, or for rental from a huge variety of stock and custom sizes.

WHITE BLACKOUT

Yes, this sounds like a contradiction in terms. However, this bounce material is opaque and may also be used for "blacking out". This economical, coated material is offered in 54" wide (1.37m) and provides a soft, even bounce. Made to order finished rag in any size for sale, or for rental from a huge variety of stock and custom sizes.

Standard Size Chart

6'x 6' (1.82m x 1.82m)
8'x 8' (2.43m x 2.43m)
12'x 12' (3.65m x 3.65m)
12'x 20' (3.65m x 6.09m)
20'x 20' (6.09m x 6.09m)
20'x 30' (6.09m x 9.14m)
20'x 40' (6.09m x 12.19m)
30'x 30' (9.14m x 9.14m)
30'x 40' (9.14m x 12.19m)
40'x 40' (12.19m x 12.19m)

Any size available upon request

WIND BOUNCE

This robust vinyl coated white net is perfect for bouncing light in windy conditions. With its net like finish that leaves $\pm 60\%$ bounce surface, wind easily passes through without disturbing the lighting. This fabric also cleans up easy! Available in 98" (248.9cm) raw fabric, or made to order in any size for sale, or rental from our large stock.
