Truss Frames

12" Lightweight Truss &
14" Medium weight Truss

The Rag Place Inc. has in stock Triangular Truss sections in two engineered weights. Both types offer a variety of stand connections.

12" Lightweight Truss w/ Ears

12" Triangular Truss: This lightweight triangular truss is similar in weight to "Antenna" truss, but instead of a spigot our truss has been engineered for horizontal use with plate and bolt connections. We have schematics for a large variety of sizes for both conventional and "wrapped" frames.

14" Medium Weight Truss Corners

14" Triangular Truss: This Medium weight triangular truss is the bigger brother to the 12" Triangle Truss, but engineered with increased horizontal load bearing ability for the larger, heavier rags. Schematics available in standard or "wrapped" frame dimensions.

4" Irrigation Pipe: We have medium weight 4" irrigation pipe frames with corners, ears and tee connectors in a variety of sizes for both standard or "wrapped" uses.

1-1/4" Speed Rail Pipe: We have for your convenience frame sets and Speedrail fittings in a variety of sizes. As well as the standard frame sets to make any size overhead frame you require.

Curtain Track: We have in stock Series 300 track backed on 1.25" aluminum pipe in stock. We also have Series 300 single and master carriers.

Sand & Shot Bags: TRP has Sandbags and Stainless Steel Shotbags made to order in the color of your choice, in 5 through 35 lbs for sale. As well as all standard size bags for rent.

Pipe & Drape: Curtains available in Duvetyne or Velour, Pipe assemblies with telescoping heavy-duty anodized aluminum uprights from 7'-12', 8'-14', 10'-18', 11'-20' and telescoping horizontal drape supports at 4'-7', 6'-10', 7'-12', 6'-14'. We also have 24" x 24" base supports.

Sailboats: An old standard, Sailboats are still the easiest way to hang a backing, We have them available in heights ranging from 11' to 28'

Misc. Rigging Hardware: The Rag Place has in its rental stock a large variety of rigging hardware, Alumina Beams, Speed Clips, Speedrail, Clamps, Cheseboros, Speed C's and more.
