

## Heat Fabrics

### TAN HEAT CLOTH

Our Tan (Natural) Heat Cloth offers continuous protection to 1800°F and is available in a 36" (0.91m) width. Stocked in 18" X 24", 24" X 36", 24" X 48", 24" X 60", 24" X 72", and 48" X 48" covered stainless steel frames.

### BLACK HEAT CLOTH

Our Black Heat Cloth offers a continuous protection to 1500°F, which is available in a 60" (1.52m) width. Stocked in 18" X 24", 24" X 36", 24" X 48", 24" X 60", 24" X 72", and 48" X 48" covered stainless steel frames.

### BLACK DUVETYNE HEAT CLOTH

Our newest Heat Cloth, Black Duvetyne Heat Cloth, is a far superior product than the traditional heat cloths. This product offers effective heat blocking and will not burn, melt, or drip. This self-extinguishing product can be sewn into our stainless steel flag frames (think about replacing those heavy, outdated metal flags). Available in 80" (203.2cm), it has a finish texture similar to Duvetyne and offers continuous protection of 500°F and 1000°F. Stocked in 18" X 24", 24" X 36", 24" X 48", 24" X 60", 24" X 72", and 48" X 48" covered stainless steel frames.
