

Specialty Fabrics

Bags: Storage bags are available in a variety of colors, which allows you to choose your signature color or your very own color scheme. Our water-resistant denier bags and fabric is available in Light Gray, Dark Gray, Black, Navy Blue, Royal Blue, Red, Gold, Purple, Kelly Green, Hunter Green, Maroon, Teal, and White.

1000 Denier: This tough canvas-like light weight fabric is widely used for the fabrication of tool pouches, sand & shot bags, or any application where higher strength is desired. Available in Red, Blue, Green, Brown and Black, and comes in 60" (152.4cm) wide as raw material.

Ballistic: This tough high thread count ballistic material has enhanced durability and abrasion resistance. Used for custom projects that require a tougher fabric. Available in Black at 60" (152.4cm) as rolled fabric.

Heat Cloth: Our Heat Cloth fabrics are available in three different styles. Our natural (tan) color heat cloth offers continuous protection to 1800°F and is available in a 36" (0.91m) width. We also offer a black heat cloth with continuous protection to 1500°F, which is available in a 60" (1.52m) width. Another high-heat tolerant fabric is our Black Duvetyne Heat Cloth, which has a similar finish texture similar to Duvetyne and offers continuous protection of 500°F and 1000°F.
